ABOUT ME

I am a dedicated and growth-oriented individual with a strong commitment to continuous learning and self-improvement. I approach challenges with discipline, curiosity, and a solution-focused mindset, always striving to perform with consistency and responsibility. I value teamwork, adaptability, and clear communication, and I aim to contribute positively in every environment I am part of. I am seeking an internship opportunity where I can learn from experienced professionals, contribute meaningfully, and grow into a confident and capable professional.

EDUCATION

B.E. in Computer Science Engineering (2024 – 2028)

Chitkara University, Punjab

CGPA: 8.9/10 (Till 2nd Semester)

TECHNICAL SKILLS

Languages: Java (Primary), Python, JavaScript, C, C++

Data Structures & Algorithms: Arrays, Strings, Recursion, Linked List, Stack, Queue, Trees, Graphs, Dynamic Programming

Frontend: React.js, HTML5, CSS3, JavaScript

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, MySQL

Tools: Git, GitHub, Postman, VS Code, MongoDB Compass

PROJECTS

Portfolio Review Platform

Tech Stack: React, Tailwind CSS, Node.js, MongoDB, JWT Authentication

- Developed a **full-stack Portfolio Review Platform** with a fully functional backend and frontend.
- Built a **complete working backend** using Node.js and Express.js, including all APIs for user management, review operations, and portfolio handling.
- Implemented **secure JWT-based authentication**, protected routes, and authorization workflows.
- Designed responsive and reusable UI components using **React** and **Tailwind CSS** for smooth user experience.
- Integrated **MongoDB** for structured data storage, enabling efficient portfolio uploads, reviews, and user management.

YouTube Clone

Tech Stack: React, Tailwind CSS

- Built a clean and responsive YouTube-style interface.
- Implemented video listings, sidebar layout, and search UI.
- Created reusable and modular React components for smooth performance.

Makeup Showcase Website

Tech Stack: React and Tailwind CSS

- Developed a visually engaging website to showcase makeup products.
- Used React components to structure product sections and visual elements.
- Focused on smooth UI transitions and aesthetically appealing design.

Crisis & Disaster Resource Coordination Platform

Tech Stack: React, Tailwind CSS, Node.js, MongoDB, JWT Authentication

- Created a full-stack platform for resource coordination during crisis situations.
- Added secure login flows using JWT and role-based authentication.
- Designed dashboards for volunteers, admin roles, and resource tracking.
- Integrated MongoDB to store real-time resource and volunteer data.

Postpartum Recovery Support Platform

Tech Stack: React and Tailwind CSS

- Built a user-friendly interface to support postpartum recovery tracking and guidance.
- Designed component-based UI for daily check-ins, tips, and mental wellness support.
- Focused on clean layout and easy navigation for new mothers.

ACHIEVEMENTS & COMPETITIVE HIGHLIGHTS

- Solved 300+ Data Structures & Algorithms problems across coding platforms.
- Participated in 2–3 hackathons, collaborating with diverse teams to develop innovative solutions under time-bound challenges.
- Member of IEEE-CIET Club (Outreach Team), contributing to event outreach, coordination, and student engagement activities.
- Active participant in university and national-level hackathons.

CERTIFICATIONS

- Finance for Everyone Specialization – McMaster University (Coursera)
- Natural Disaster and Climate Change Risk Assessment Specialization (Coursera)
- Communication for Everyone Specialization – Arizona State University (Coursera)
- Introduction to Modern AI – Cisco Networking Academy
- Networking Basics – Cisco Networking Academy
- AI and Disaster Management – DeepLearning.AI (Coursera)
- Introduction to Docker and Kubernetes – NASSCOM Foundation
- HackWithHer 4.0 Certificate – Recognized for participation and performance
- IEEE-CIET Outreach Welcome Letter – Official recognition for joining the outreach team
- ALGO Certification – Cleared early rounds (1–2 stages)
